

Onboarding programme for newly appointed professors at HHU

With the Onboarding@HHU programme for newly appointed professors – HHU aims to facilitate the transition into your diverse activities at the university and offer you support for effective collabora-

tion within your team and with all HHU employees. The interdisciplinary programme complements the assistance offered by your faculty and introduces you to HHU's central services in the areas of re-

search, teaching, human resources, administration, public relations and knowledge transfer. The focus is on your role as a leader in research and teaching as well as on imparting organisational knowledge

and getting to know your contacts at HHU. You will receive invitations and reminders for the events in good time. Junior professors also complete the Academic Career Development Programme (ACDP).
